RAILWAY DIE-HARDS OPPOSE PEACE NOW NEW YORK UNIONS

They Insist Strikers Submit to Them, Not to Force of Injunction.

WANT FULL VICTORY

Individual Roads and Men Negotiating Numerous Adjustments.

By David Lawrence. Special Correspondent of The Eve ning World).

WASHINGTON, Sept. 7 (Copy right).—Rumors of railroad peace fil the urr.

found that numerous adjustments be tween individual roads and striking watther these adjustments will I ufficient to give the country adequate will not permit a settlement until the

Meanwhile, the Federal Coverntermation that the condition of equipbring forth the evidence as a basis of

The injunction process begun by Attorney General Daugherty against the strike leaders is in its infancy. He intends to proceed in due time against the rallroads who may be the regulations of the interstate

violating the Transportation act or Commerce Commission with respect As for the temporary injunction already obtained by the Attorney Genit is significant that strong opposition is coming from an entirely anexpected quarter-namely, certain rall executives known as "irreconcil-

ables." They and others who sympa thize with them are criticising the in junction on the ground that abridges free speech, but their rea feeling' is that the Government has ntervened at the wrong time and has brought about a situation which will pecmit the strikers to bow to the Federal Government instead of to the It is true that there are detects in

a temporary injunction, and no one vill be more eager to see them cor ected by the court next Monday than Attorney General, but the interding place of the matter is the igorous criticism which has been ade to quarters where the desire of ilway executives that labor leaders we free speech is about as enthuastic us their fondness for the mions themselves.

What certain rail executives fearand their viewpoint has by no means sen concealed—is that the unions will apatulates to the Government. They eel they have the strike beaten and if the truth be known, many officials in the Government believe it too. But, as one member of the Cabinet expressed it, the Government is "not nterested in whether the effect of its ction is to crush unions or help

out to get transportation. The Attorney General acted because and the President came to the onclusion that sabotage on the rail onds had to cease and that the in eports received since the injunction as issued namely, a quieting down of the situation generally—are pointto as justification of the step taken The theverment wants coal mov-

it could not period interference. will now hister on performance b the callroads. The injunctions are expected to prevent striking shopmen from pre-

venting willing workers from repair ing callions equipment. If with the relection of the courts workers can est i.e. secure and equipment con mies had, the next step will be te straining orders against the railways and if they find they cannot operatcates because of the Government injunction against the use of defective equipment sclayrs of the con-

carrying rouds is contemplated
